

CLASS 1

## Building Product Information Sheet

Product name (include the brand name):

DUPLEX® INTERNAL STUD FRAMING SYSTEM - 5211RD

Product description and its intended use:

Rondo DUPLEX® Internal Stud Framing System is one Stud that does the job of two. It's perfect for door openings and glazing in internal wall framing applications where you typically need to install a boxed stud configuration. Less products to install means much quicker installations, delivering you with the all-important labour cost savings.

**Suitable for:**

Replacing single boxed stud to support door frames  
Internal glazing and door jambs  
Access openings for services within the wall framing  
Internal Load Bearing Walls by Rondo Engineered Design  
Incorporation into standard Rondo narrow flange steel internal wall framing

Relevant Building Code clauses:

-

Statement on how the building product is expected to contribute to compliance:

-

- options for compliance set out in section 19 of the Act (regulations, acceptable solution, verification method)
- standard or technical document that describes the performance of the building product or the relevant specifications to which the building product was manufactured
- physical properties of the building product
- how the building product is intended to be used.

Limitations on the use of the building product:

-

Design requirements that would support the appropriate use of the building product:

- Rondo recommends that you seek professional advice relating to your unique architectural and building requirements, and that of the building code, to ensure the design is compliant.
- If a compliant design is required for your project, we recommend that you contact Rondo NZ to obtain a design that is specifically customised to your project requirements. This service is complementary.

Installation requirements *(also provide link to the product installation guide)*:

- Rondo recommends that this System is installed by a qualified trades person and according to the relevant codes and standards.

Maintenance requirements *(also provide link to the product maintenance guide)*:

- There are no specific or periodical maintenance requirements when installed in accordance with the design and installation requirements listed above.

Is the building product/building product line subject to warning or ban under section 26 of the Building Act 2004?:

Yes  No

If yes, description of the warning or ban under section 26:

N/A
